

## **Kidz Klub -- Session 2**

2/26, 3/4, 3/11, 3/18, 4/15, 4/29, 5/6, 5/13 (5/20 make-up if necessary).

### **S.T.E.M Kidz**

#### **1. The MAD Side of Science !**

Join us after school in the Mad Science club for some awesome hands on fun ! Become a detective, an engineer, a chemist, a film maker and more ! Take apart the earth as you explore volcanoes, or become a toy maker as you explore the science of toys ! Create crazy cool concoctions and explore the human body as we learn what makes us tick ! Every week we explore a new and exciting topic and create something to take home ! Let's get Mad and Silly with MAD SCIENCE ! **(Grades 3-5)**

### **Fitness Kidz**

#### **2. Little Groovers**

Taught by Grooves Unlimited Dance Studio. A Hip-Hop dance class for children to move and groove with high energy teachers praising their success and progress as their smiles and appreciation for music and dance grow. Motor skills and listening skills will be strengthened with a focus on dance basics and flexibility as they learn to shine like the stars they are. **(Grades k-3)**

#### **3. Sports**

Sports Universe Sports Class @ Harrison ! For all our sports enthusiasts, experience a different sport every week ! **(Grades k-3)**

#### **4. Tae Kwon Do**

Whether your goals are building self-confidence, self-defense, personal development or fitness, this program will take you there ! The Martial Arts system Tae Kwon Do is a blend of traditional and contemporary martial arts that not only offers you an effective self-defense program but a means to personal development and discipline that can lead to success in other areas of your life, including leadership skills. Free uniform included. **(Grades k-3)**

### **Creative & Artsy Kidz**

#### **5. Magic**

Did you ever wonder how magicians do their tricks ? Now you will find out ! Students are taken behind the scenes to discover the secrets to magic. Every week, each child will receive magic tricks to share with their family and friends **(Grades k-5)**

#### **6. Crafty Crazy**

Join us for hours of creative crafting fun as we design, build and create awesome art projects with paint, wood, clay, paper, ribbon, beads, masks, pipe cleaners and lots of other fun embellishments. You'll discover a great artful outlet and have lots of fun to boot in this crazy crafty course! **(Grades k-3)**

#### **7. All About Clay**

This class is for kids who are eager to learn how to build and create their own clay art. Students will design wet clay, paint fired pieces, and add creative touches like beads to projects including wind chimes and peace signs. Other projects may include fossils, turtles, fish bowl with sea life, star and butterfly bowls and more. Instructors will incorporate fun facts in history, science, and nature as they relate to the student projects. **(Grades k-5)**

#### **8. Boutique Crafts, Jewelry & Toys**

Design and decorate crafts and jewelry like the ones you see in your favorite boutique and accessories stores. Emoji/peace and Lalaloopsy projects, boutique jewelry, room crafts and more. You'll even get to make your own Shopkins! These glam crafts are really fun and funky and you'll love making them, while learning new crafting techniques. You'll really wear the jewelry and will love to display the crafts and toys in your bedroom! They make great gifts too! **(Grades k-3)**

#### **9. Scrapbooking**

Be creative and capture your memories of the fun you had during the summer ! Bring in pictures of your summer fun to create a unique and decorative scrapbook ! **(Grades k-5)**

#### **10. Advanced Clay**

Make woven bowls, beaded name plaques, coil pots fired with marbles, patterned clay jars, intricate face masks, turtles, frogs, fish bowl with sea life and more while mastering advanced clay hand building techniques. **(Grades 3-5)**

#### **11. Glass Fusing**

The art of glass fusing is over 2,000 years old. Techniques were developed by the Egyptians and then the Romans. This interactive class teaches the foundations of glass fusing while exploring different techniques to create fun, colorful fused glass projects from opaque, transparent, and iridescent glasses. Learn about the other forms glass can take, from stringers, noodles, marbles, to liquid glass. All glass pieces will be kiln fired. Instructors will incorporate fun facts in history, science, and nature, as they relate to the students work. Some projects may include night lights, wind chimes, bowls, and jewelry. **(Grades 3-5)**

#### **12. Retro Revolution**

The 1960's were an iconic time – with artists like Peter Max and Andy Warhol coming on the scene and the Beatles ushering the British Invasion with their amazing music. We'll explore the 60's in a "Yellow Submarine" while we listen and learn about the lives and music of the Fab Four, the Monkees and other great bands, and create tie-died art, pop art and abstract paintings, love beads, kinetic sculpture, candy corsages and more 60's inspired art. **(Grades 2-5)**
