

Integrated Business Applications 8 (Scope and Sequence)

Topic		Topic	
Unit 1: Exploring the World of Business	Approximate Duration: 2 days	Unit 2: Preparing for Success	Approximate Duration: 15 days
Activity		Activity	
Students will explore the dynamic relationship between businesses, the economy, and financial literacy. They will gain an understanding of how businesses impact the economy and why financial literacy is essential for making informed financial decisions in our interconnected world.		Students will learn about career pathways, how their interests and abilities affect their future potential careers, and the relationship between education, careers, and income. Students will also learn how to write an effective resume, demonstrate soft skills, practice making a great first impression, and understand what goes into preparing for a job interview.	

Topic	
Unit 3: Financial Literacy	Approximate Duration: 28 days
Activity	
This unit will help students build a foundation for making intelligent, lifelong financial decisions on income, spending, saving, credit, investing, insurance, and budgeting. Students will think creatively, analyze tasks, and solve problems. Students will start thinking ahead to high school and their financial futures using this knowledge.
