

# LIVINGSTON PARENT LEARNING SERIES

## Events for February 2022

Dear Families,

For the month of February, we are excited to share a variety of new workshops. Please read the selections below carefully, as some require pre-registration to participate.

We look forward to the opportunity to learn, create, contribute, and grow with you!

*Presented by Sinead Crews, Nicole Rothman, and Tina Renga*

### CLASS OF 2024:

#### THE POST-SECONDARY PLANNING PROCESS, AND AN OVERVIEW OF JUNIOR YEAR

**When:** Thursday, February 3 (7:00-8:00 p.m.)

**Location:** Remotely, via Zoom

**Target Audience:** Sophomore Parents

**Registration:** Link to be shared directly with all sophomore parents.

**Our presentation focused on the post-secondary planning process, finding the "right fit" (and what that means), and an overview/timeline of junior year.**

### SUPPORTING YOUR CHILD DURING THE PANDEMIC

**When:** Wednesday, February 9 (7:00-8:00 p.m.)

**Location:** Remotely, via Zoom

**Target Audience:** Parents of Students with Disabilities

**Registration:** Register [here](#)

**In this workshop, families will learn a variety of strategies to support their children during these ever-changing times.**

*Presented by Dr. Blair Rosenthal, Director of Elementary Special Education and Shante Middleton, Director of Secondary Special Education*

# LIVINGSTON PARENT LEARNING SERIES

## PRIDE PARENT WORKSHOP: PROMOTING INDEPENDENCE AT HOME

*Presented by Megan Jenkins and  
Amanda Piscitelli*

**When:** Thursday, February 17 (2:00-3:00 p.m.)

**Location:** Remotely, via Zoom

**Target Audience:** Pride Parents Only

**Registration:** Register [here](#)

**The purpose of this workshop is to help parents of our littlest learners support their child's growth and independence at home.**

## MATH INFORMATION NIGHT

**When:** Thursday, February 17 (7:00-8:00 p.m.)

**Location:** Remotely, via [Zoom Webinar](#)

**Target Audience:** Parents of Students in grades 5-12

**Registration:** No pre-registration required

**Join our Math Supervisors for an informative webinar session focusing on the following: our Middle School Mathematics program, the placement process from Grades 6-8, the Grades 7-12 Math course sequence. The presentation will include time for questions and reflections from participants.**

*Presented by Antonio Matheus and Angelina Rodriguez*

# LIVINGSTON PARENT LEARNING SERIES

## SUPPORTING SIBLINGS OF STUDENTS WITH DISABILITIES

**When:** Monday, February 28 (7:00-8:00 p.m.)

**Location:** Remotely, via Zoom

**Target Audience:** Parents of Students with Disabilities

**Registration:** Register [here](#)

**Parents have reached out to request support with how siblings may be impacted by a child in the family with disabilities. Attendees of this workshop will learn about supportive resources and strategies that they can implement at home.**

*Presented by Dr. Blair Rosenthal, Director of Elementary Special Education and Shante Middleton, Director of Secondary Special Education*
