

Mrs. Fischer – Grade 3

Mrs. Fischer's Third Graders chose **Enid Borden** as their everyday superhero. After engaging in a shared reading about Enid, the children decided she is a superhero because she has worked tirelessly to identify senior hunger as a major problem in the United States. As a result, she founded the National Foundation to End Senior Hunger and established The Meals on Wheels Association of America. The children worked collaboratively on an opinion writing piece, which explains the reasons they feel Enid is our superhero.
