

# Mrs. Milano

Mrs. Milano thinks **Joseph Lister** is a super hero because he is a .....**Champion Germ Fighter!**

- He discovered that germs could grow on open wounds in the operating room. Patients were getting bad infections. They were dying! No one believed him. He kept on trying to convince them.
- He discovered that all doctors should be washing their hands before they do an operation. None of the other doctors believed it. He persevered.
- He taught the doctors that they had to clean the operating room and surrounding areas. None of the other doctors believed it.

He figured out that if he sprayed a chemical that killed germs on equipment, he could cut down on germs in the air of the hospital....He discovered the first LYSOL Spray disinfectant!
