February 3, 2021

Dear Parents,

The students at Harrison Elementary School will once again be participating in **PAJAMA DAY**, another opportunity for children learn the importance of helping others in need. As in the past, this will be our winter indoor yoga event and is scheduled for Thursday, February 11, 2021. "Livingston Neighbors Helping Neighbors" will be the recipient of all proceeds.

Founded in 2016, Livingston Neighbors Helping Neighbors is a non-profit organization and an affiliate of Livingston's Healthy Community, Healthy Youth (HCHY), formed to support those in our community who are experiencing financial hardship. Providing short-term emergency financial assistance and a variety of support including meal donations, fresh produce, non-perishables through CHOW (Community Hunger Outreach Warehouse) and grocery store gift cards to residents in need, LNHN relies solely on donations from generous community members to carry out its mission. The local need for these services has grown tremendously as the Covid 19 Pandemic has grown.

Faculty and students are invited to wear their pajamas to school. Appropriate pajamas (tops and bottoms) are to be worn: **NO** nightgowns. Don't forget to bring your slippers and sneakers/boots for outside! Each participant is asked to make a monetary donation in any amount. Checks should be made payable to "Livingston Neighbors Helping Neighbors".

Our annual Valentine's Day Yoga event presents another great opportunity to teach your children the joys of helping others. Thank you in advance for caring and participating.

Please do not hesitate to call me with any questions you may have.

Sincerely,

Joellen Milano, RN, NJ-CSN
