

# Summer Reading

## FOR INCOMING 7TH & 8TH GRADERS

Dear Incoming 7th and 8th graders,

This year your teachers have worked with Mrs. Tannler, our Media Center Specialist, to create an excellent resource for our summer reading assignment. We want you to find books you will love so you can enjoy reading this summer.

You are expected to read **TWO** full-length books that you have not read before and that are appropriate for your reading level. One book should be chosen from the provided reading list, linked [HERE](#) and on the HMS website. The second book is a free choice, giving you the freedom to explore different genres and topics. You will be assessed on your reading in September.

The book list is a Destiny Discover collection and includes short summaries and tags that can help you identify books that might appeal to you. Mrs. Tannler has also noted which books on the list are particularly recommended by staff at HMS. We look forward to discussing your summer reads in the Fall!

Have a great summer and enjoy reading! See you in September!!
