III. Optional – Smartphone in italiano

Change your entire phone to Italian. It will change your apps and everything else into Italian. It's a great way of learning. It may be hard at first and annoying at times, but you'll get used to it and it's a great way to learn vocabulary and get used to common words! We will be doing this as a class anyway during the technology unit! If you REALLY want to learn Italian, do this and stick with it!

Buona estate, ragazzi!!! Ci vediamo a settembre!
