At the start, runners run completely around Robert Harp Drive going past the start to exit on Wahler Road. Runners pass the first mile mark before turning around on Belmont Drive (see map below). When runners reach the path for Hillside Elementary School, they will keep the school on their left and exit onto Belmont Drive. Runners will then turn right onto South Ashby Avenue and enter the park crossing the footbridge and run half way around the pond in a clockwise direction turning right after passing the small building. Runners stay on the path to enter the parking lot. They will run across the parking lot and the grass using the shortest distance to the track finishing on the track straightaway.
