

## 7th Grade Course Selections for 2020-2021

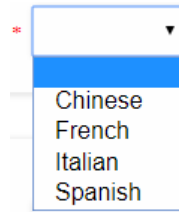

### World Language Selection

Please select the World Language you wish your child to take in 7th and 8th grade. You must select both a first and second choice as your first choice is not guaranteed.

#### First Choice

A dropdown menu with a blue header bar and a list of four options: Chinese, French, Italian, and Spanish. A red asterisk is visible to the left of the menu.

#### Second Choice

A dropdown menu with a blue header bar and a list of four options: Chinese, French, Italian, and Spanish. A red asterisk is visible to the left of the menu.

Students are eligible to take two (2) enriched courses from the selections below:

### Music Ensembles

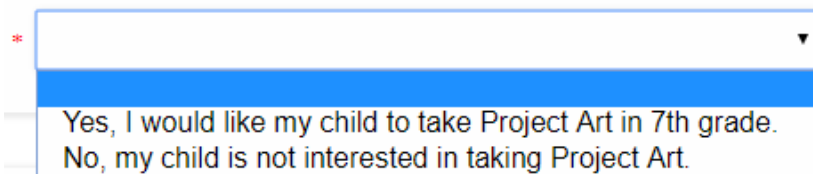

Please check off the music ensembles you are interested in taking in 7th grade. Check no more than two. If you do not plan to enroll in any of the music ensembles, leave this section blank. If you select two ensembles from below (band, orchestra, or chorus) you will not be eligible to take Project Art. (Previous experience playing an instrument for band/orchestra instrument is required.)

- ☐ Band
- ☐ Chorus
- ☐ Orchestra

### Project Art

Project Art students will have the opportunity to explore creative problem solving in drawing, painting, printmaking, and sculpture through in-depth projects. In addition, Art History becomes part of each unit with a study of a master's related example, art criticism and videos featuring various artist's lives. Our goal is to increase students' awareness and appreciation of the world around them and to help them understand that there is more than one creative solution to any problems.

7th grade students who enjoy art are also eligible to take Project Art, which meets every other day during enrichment. If you take this course you cannot take ART as a cycle course.

A form with a blue header bar and two radio button options: "Yes, I would like my child to take Project Art in 7th grade." and "No, my child is not interested in taking Project Art." A red asterisk is visible to the left of the form.

### **Marking Period Cycles**

Below are the five (5) marking period cycle courses we offer. Please select three (3) that you would like to see on your child's schedule, but note we will only be able to guarantee two (2) of them.

- ☐ Art
- ☐ Computer Applications
- ☐ Family & Consumer Science
- ☐ General Music
- ☐ Technology Education

Submission of this form indicates your understanding of the expectations of the above academic programs, and your acknowledgement of your child's interests in these programs.
