April 14, 2023

Dear MPM Families,

It was great to have the opportunity to meet some of you and share how we support our incoming 7th graders with making their transition over to Heritage Middle School. We are very excited to have the opportunity to get to know your children and to continue to help support them with their middle school experience.

As was discussed last evening, a copy of our presentation made to parents on Wednesday evening can be found by [clicking here](#).

In addition, this is also a reminder that we ask all parents to log into their Genesis Accounts to make selections for their children for their intended World Language Program for 7th and 8th grade. Options include Chinese/Mandarin, French, Italian and Spanish. When making your selections, please be sure to select what your child's first (primary) choice is as well as a backup choice as well.

Lastly, for those who wish to be involved with one or two of our music ensembles, you will also see a space to make a selection for this for your child as well. Here, you will also see the choice to make a selection for your child to be enrolled in our Project Art Class. All of these classes/programs meet during the scheduled Enrichment Period and are completely optional for you to have your child participate in. If you do not wish to have your child participate in any of our music ensembles and or Project Art, simply leave this section blank.

Below, please find some helpful screenshots to assist you with this process in making the selections for your child. Selections must be entered into the Genesis Parent Portal by the end of the day on **Friday, April 21st**.

If you have any questions, please reach out to your child's school counselor for help.

Best.

A handwritten signature in black ink that reads "Shawn Kelly".

Shawn Kelly, Principal  
Heritage Middle School

Grade:	06	07

Music Ensembles - Please choose the music ensembles your child is interested in taking in 7th grade. Choose no more than two. You must choose them one at a time. If you do not plan to enroll in any of the music ensembles, leave these courses blank. If you select two ensembles from below (band, orchestra, or chorus) you will not be eligible to take Project Art. (Previous experience playing an instrument for band/orchestra instrument is required.)

Project Art - 7th grade students who enjoy art are also eligible to take Project Art, which meets every other day during enrichment. If you take this course you cannot take ART as a cycle course.

Project Art students will have the opportunity to explore creative problem solving in drawing, painting, printmaking, and sculpture through in-depth projects. In addition, Art History becomes part of each unit with a study of a master's related example, art criticism and videos featuring various artist's lives. Our goal is to increase students' awareness and appreciation of the world around them and to help them understand that there is more than one creative solution to any problems.
