Mission Statement

Empowering All to Learn, Create, Contribute and Grow.

Core Beliefs

We believe:

All children can learn.

We prepare students to succeed in an interdependent and competitive society through the responsible use of technology, problem-solving, and critical thinking and understand the value of contributing to a democratic society.

A sense of balance, acceptance, and emotional well-being is critical to the development of the whole child and his/her achieving success as an adult.

A supportive and committed community fosters student growth and facilitates the achievement of high expectations.

Teaching is a reflective and dynamic process requiring a variety of effective instructional modalities and the willingness to take risks.

The attraction, retention, and development of highly effective staff members are critical to the success of our students.

A safe, civil, and sustainable environment enriches opportunities to teach and learn.

A research-based curriculum engages, inspires and empowers each student to discover, make good decisions, and reach his/her individual potential.

All stakeholders are valued members of our school community.
