

ELA Remote Learning

Hello LPS Families!

What better way to learn than by integrating the subjects of reading and math! These activities are optional but are a wonderful way to share the love of reading and math with one another! Try one activity or try them all! Have fun exploring! Enjoy! - Mrs. Leala Baxter, PreK-6 ELA Supervisor

If needed, to access the activities below use: Username: Learning20 & Password: Clifford

Activities for Grades PreK-2:

Activity 1:

Measurement:

Have you wondered...How long is it? Enjoy reading or listening to *Inch by Inch* and *How Long Is It?* then watch the video, *Science Tools*. Select different items around your house to measure using nonstandard units. Try measuring the items using: paper clips, pencils, sneakers. To access the activity, click on the link below.

Activity 2:

Money! Money! Money!

What would you do with a million dollars? Read or listen to *If You Made a Million* and *All About Money*. Visit the [United States Mint - H.I.P. Pocket Change Kids Site](#) to learn facts about coins and to step into a virtual time machine and travel back through coin history. Show your creativity by drawing a picture of what you would do with \$1,000,000.00. Write about your picture and share it with one another. To access the activity, click on the link below.

Activity 3:

Fascinated by Money?

What do you know about the dollar bill? Read or listen to *Lemonade in Winter* and *10 Fascinating Facts About Dollar Bills*. Enjoy the [Counting Coins Song for Kids](#) while watching and learning about money! Show your creativity by drawing and writing a story about what you would do if you had all the one dollar bills you wanted! How many one-dollar bills would that be?
