

Dear Parents,

Below are some optional, fun, Math related activities for you to do at home with your children. These activities allow Math to be combined with play and let your kids have fun while learning! I've also included some websites that make math part of your child's everyday life!

Sincerely,

Angelina Rodriguez

<p>Tape a series of flashcards to the floor and challenge kids to see who can correctly make their way from start to finish the fastest. They can call out the answers or write them down, but they have to get it right before they move on. Kids can race side by side, or work independently to beat their own best time.</p>	 <p>theresjustanmommy.com</p>
<p>Take an outdoor stroll and practice basic math along the way. Look for patterns, items to count, shapes in the world, etc. This works indoors too; walk the house and count doors, windows, posters, and more.</p>	
<p>Websites</p>	<ul style="list-style-type: none"><li>• <a href="http://www.bedtimemath.org">www.bedtimemath.org</a></li><li>• <a href="https://www.ixl.com/">https://www.ixl.com/</a></li><li>• <a href="https://www.solvemoji.com/">https://www.solvemoji.com/</a></li><li>• <a href="https://sites.google.com/mathlearningcenter.org/math-at-home/activities-of-the-day">https://sites.google.com/mathlearningcenter.org/math-at-home/activities-of-the-day</a></li></ul>
