

2021-22 AP3D Design Summer assignment:

This year's summer assignment will be a series of activities and reflections designed to assist students in selecting their sustained investigation subject. There will be three parts: capture and collection of inspiring images, review of sustained investigations from years past and written reflection of personal experience.

1. Students are to create a new google drive folder. It should be labeled "AP3D Design Sustained Investigation". I am to be invited to view it. Then, every week, there should be 10 images added to the folder. These images are to be things by which you are genuinely inspired. They can be anything, but over the course of the summer try to vary their subject matter and location. Seek out NEW things. Do not just take all photos of the same subject or genre. I will review them on a weekly basis and record grades in real time. Grades will be posted after the commencement of the 21-22 school year.

2. Review the following: Read over the ENTIRE WEBPAGE

<https://apcentral.collegeboard.org/courses/ap-3-d-art-and-design/portfolio?course=ap-3-d-art-and-design#samples>

also this:

Selected Works Examples:

[Sample 1 – Score of 1](#)

[Sample 2 – Score of 2](#)

[Sample 3 – Score of 2](#)

[Sample 4 – Score of 3](#)

[Sample 5 – Score of 3](#)

[Sample 6 – Score of 4](#)

[Sample 7 – Score of 4](#)

[Sample 8 – Score of 5](#)

[Sample 9 – Score of 5](#)

Sustained Investigation Examples:

[Sample 1 – Score of 1/1/1/1](#)

[Sample 2 – Score of 3/2/2/2](#)

[Sample 3 – Score of 3/3/3/3](#)

[Sample 4 – Score of 2/2/3/3](#)

[Sample 5 – Score of 2/2/2/2](#)

[Sample 6 – Score of 3/3/3/3](#)

[Sample 7 – Score of 3/3/3/3](#)

Write a 1 page summary in reference to any of the provided examples that explains why you find it to be inspiring. BUT if you also have criticism, please also be sure to add it. This assignment should be emailed to me by 8/15. A grade will be recorded on that day and posted at the same time as above.

3. Write out an essay or series of bullets that reflect upon your own work. It should explain what work you've done that you were most pleased with and why. Please include photos of said works if they are available. Also, include information about 3D materials and processes that you believe yourself to be adept at using. I want to know your strengths. This is to be emailed to me by the first day of school.

Please email me immediately upon reading this email so I know you've received it. If there are any genuine scheduling conflicts with due dates, please alert me to them as soon as possible. I hope you all have a wonderful summer and can't wait to get to work with you all in the fall.

Sincerely,

Mr. Meineke
